ID: 3913 Reprint Last Receipt according to respective terminal

In this version, we enhanced Reprint Last Receipt function. If you having multiple terminal attached to 1 main PC, Reprint Last Receipt now will print the last bill by following the current terminal you are in.

From the above scenario,

When T01 press Reprint Last Receipt button, T01-000520 will be printed. When T02 press Reprint Last Receipt button, T02-000195 will be printed. When T03 press Reprint Last Receipt button, T03-000277 will be printed.

ID: 3983 Support Report Design in POS Transaction Viewer

In POS Transaction Viewer, you are allowed to do report design for your receipt as well. In order to access this function, go to *More Function > Reports > POS Transaction Viewer*.

1	POS Transaction	s Viewer		
	Report			
	Design POS Re	ceipt		
	Design FnB Red	ceipt		
	Report Option	iewer windo	u can find, view and delete POS Transactions record.	
	Filter Options			
	Date Range:	01/06/2019 00:00:00	0 26/06/2019 23:59:59 🗘	
	Terminal:	No filter		
	Outlet:	No filter		
	Area:	No filter		
	Cashier:	No filter		
	Remarks:	No Filter		
	Cancelled Status:	Show Uncancelled		
		Find E	Preview Print Hide Options	Close
	Area 🔺			

** Please take note that the receipt format you amend here will reflect directly to the receipt you print for customer because they are sharing same report format.
