ID: 8287 Support expand package details in pos option.

Second display will automatically expand its details for customer to know what item are in the package.

# Total: 180.00

No.	Description	UOM	Qty	Total
1	PACKS		1....	180.00
Package Detail				
Description	UOM	Qty	Total	
Latte G	CUPS	1.0000	180.00	
Item A	PCS	1.0000	0.00	
Cheese Drinks	CUP	1.0000	0.00	

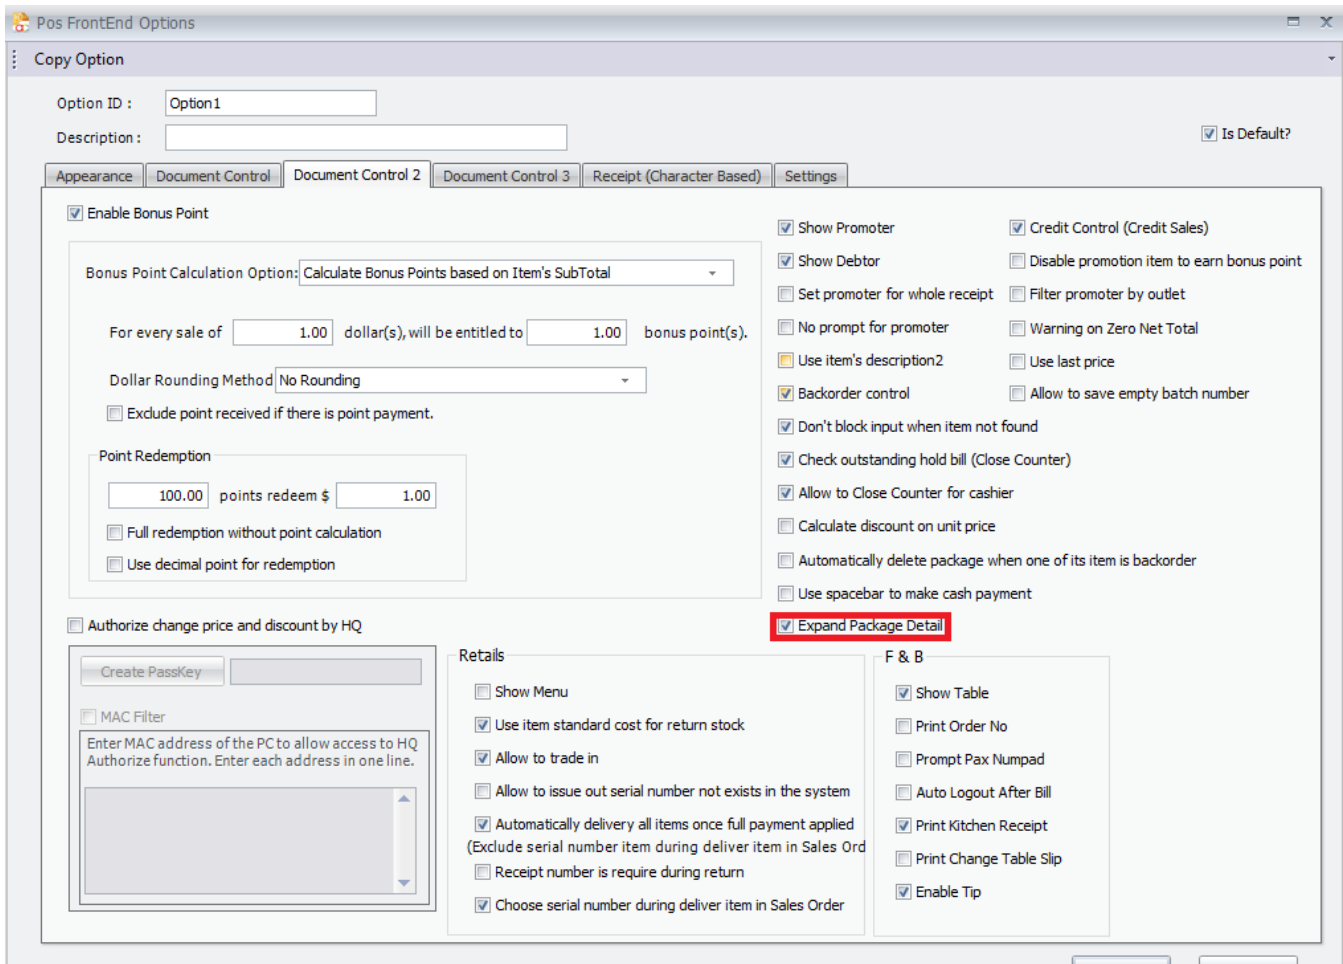

Welcome, I'm ADMIN

Sub Total (ex) : **180.00**

Rounding Adj.: **0.00**

Final Total : **180.00**

User can toggle it on and off the display incase if all of the item they are selling are in packages and they do not wish to display it at second display. To do so, go to backend **Point of Sales > Maintenance > Pos Option Maintenance**. Then untick the option as shown below if you wish not to expand the package details.

The screenshot shows the 'Pos FrontEnd Options' window with the 'Copy Option' tab selected. The 'Option ID' is 'Option1'. The 'Settings' tab is active, showing various configuration options. The 'Expand Package Detail' checkbox is checked and highlighted with a red box. Other visible options include 'Enable Bonus Point', 'Show Promoter', 'Credit Control (Credit Sales)', 'Show Debtor', 'Disable promotion item to earn bonus point', 'Set promoter for whole receipt', 'Filter promoter by outlet', 'No prompt for promoter', 'Warning on Zero Net Total', 'Use item's description2', 'Use last price', 'Backorder control', 'Allow to save empty batch number', 'Don't block input when item not found', 'Check outstanding hold bill (Close Counter)', 'Allow to Close Counter for cashier', 'Calculate discount on unit price', 'Automatically delete package when one of its item is backorder', 'Use spacebar to make cash payment', 'Authorize change price and discount by HQ', 'Show Menu', 'Use item standard cost for return stock', 'Allow to trade in', 'Allow to issue out serial number not exists in the system', 'Automatically delivery all items once full payment applied (Exclude serial number item during deliver item in Sales Ord', 'Receipt number is require during return', 'Choose serial number during deliver item in Sales Order', 'Show Table', 'Print Order No', 'Prompt Pax Numpad', 'Auto Logout After Bill', 'Print Kitchen Receipt', 'Print Change Table Slip', and 'Enable Tip'.
