Highlights of Changes in 5.0.28.161

ID: 7557 Allow to scan or enter Promoter, Member and Debtor at scan barcode text box.

User now can scan their promoter, member and debtor code at scan barcode there to select them. Some company made their unique ID in a form of card with barcode so that barcode scanner can be use to scan them.

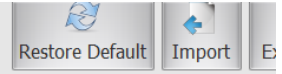

ID: 9354 Add synchronize function at customize button maintenance.

In current version, synchornize will be added to hot key so that synchronize can be easier access without going into more function.
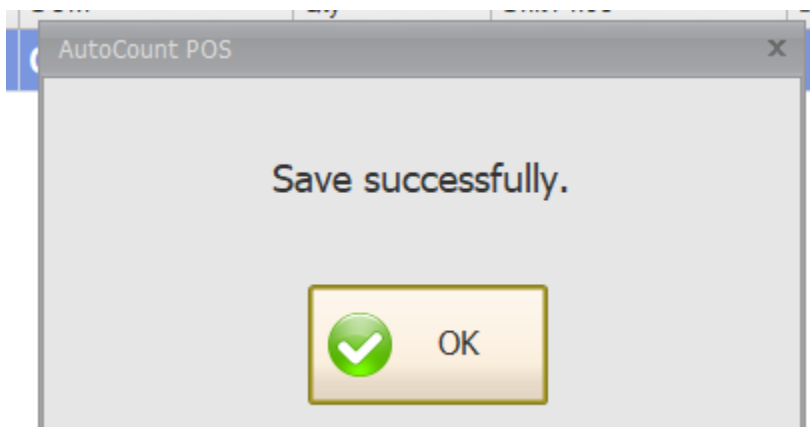

To set, go to More Function > Customize Button.
