

Enhancement

1. Add new field – email address, religion, mobile number, passport expiry date in employee summary report.
2. Add new field – religion, passport expiry date in employee detail report.
3. Add new field – approved date in leave request listing & leave details report.
4. Add new field – passport number in yearly individual pay report & bank credit report.
5. Add selection listing in company profile > nature of business.

Bug

1. Fixed the excel upload issue for claim form, the applicant able to import the excel without fill in the compulsory field.
2. Fixed user able to process next year payroll without proceed next year period setup.
3. Fixed fail to upload the 6MB pdf file in company profile > attachment, even default max to 10MB.
